Malachi Mendez, Alexandra Peiffer, Sam Martinez

Key: G

Chord Progression: C - Bm - Am - D/F - G - D

Chorus:

Its time to redefine what I am living for anyway
Oh you might had thought that I would never make it
But I'll make it
I never listen to the painful kinda words that they say
Oh you might had thought that I would never make it
But I'll make it

Versel:

Underestimated
Unappreciated
I know I've had my doubts
Of laying down my crowns
But in spite of the commotion
Setting sight on worthless notions
I ain't holding back anymore
Its time to do what I was made for

Chorus:

Its time to redefine what I am living for anyway
Oh you might had thought that I would never make it
But I'll make it
I never listen to the painful kinda words that they say
Oh you might had thought that I would never make it
But I'll make it

Versel2:

Don't be misguided or mistaken
Im not a fake it 'till you make it
Cuz being fake means hesitation believe me
Now that's a sticky situation
But in spite of being hopeless
Keep my eyes where my faith is
I ain't holding back anymore
Its time to do what I was made for

Chorus: (x1)
